INSTRUCTIONS

1. Tally items in the provided space as you pick them up. You may find lots of one particular item. Feel free to tally around item or anywhere else on the sheet, as long as you can keep track of what item that tally belongs to.
2. For each item collected, add up the total tally and record the number in the TOTAL column. Do not write anything else in this space such as "too many," a "+" / "-", or a range.
3. For **group** cleanups, give your completed card to your chapter leader. For **solo** cleanups, please add your data directly to the database at cleanupsworld.org.
